To whom it may concern:

LETTER OF ENDORSEMENT

I write to endorse Arnon Kobina Koomson for the position of **CSR Specialist-EWA** for the Entity Support Team in AIESEC in Ghana. Arnon has developed personally as a person, his desire to continually grow and unlock her potential is what drives her to do what she does and to apply for roles.

He is a good team player and always looks forward to achieving his team's goals. He recently handled the Impact Project with the EB and he performed well. Arnon is a vibrant and diligent team member of AIESEC at KNUST. His enthusiastic desire for aggressive personal and self-development has gotten him far in the organization, and he is always willing to learn more.

I am confident in his character and skill set, and I recommend and endorse him for this special role. Please let me know if additional information is needed about this passionate young gentleman through my mail at kwamedanful@aiesec.net.

Yours sincerely
