To whom it may concern,

LETTER OF ENDORSEMENT

I am writing in support of Arnon Kobina Koomson for the role of EwA-CSR Specialist AIESEC in GHANA. I have known and worked hand in hand with Arnon, from LC activities and on the EB team AIESEC in KNUST 23.24, and I am much honored to write this letter to push his endeavors.

Mr Koomson is an extremely easy individual to work with, and is eager to learn. His ability to communicate and respond to tasks when given is top notch and has been very useful to his team and AIESEC in KNUST with his brilliant ideas. He is an individual who is ready to do whatever it takes to ensure his duties are fulfilled. With communication skills, he is the best. He is extremely organized, empathetic, reliable and decisive, all major qualities of a good leader. I will always recommend Arnon.

I can say Arnon is the best person for this position. Please contact me if you require any further information on this bright gentleman.

Thank you,

Botwe Richmond Kwabena,
Local Committee Vice President,
AIESEC in KNUST.
